Fill out completely, included with a **Template & Order Form**, and send to **orders@helsersbrothers.com**

Company Name:	PO #:	Sidemark:	Date:
Ordered By:	Ship-To Name:		
Company Email:	Ship-To Street Address:	Address Type: <input type="checkbox"/> Resid. <input type="checkbox"/> Comm.	
Company Phone #:	City:	State:	Zip Code:
Fax #:	Ship to Phone #: (REQUIRED)	Shipping Method: <input type="checkbox"/> Pick Up <input type="checkbox"/> FedEx <input type="checkbox"/> Local	

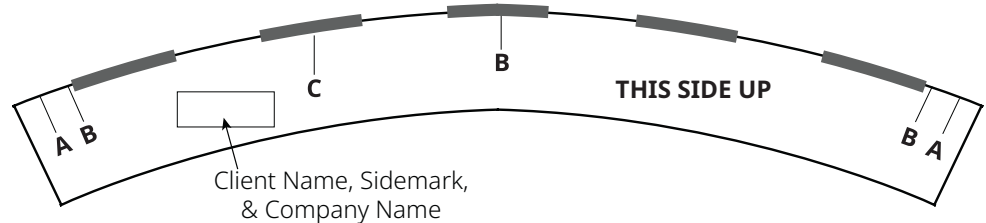

PLEASE NOTE:

- Custom rods have a **2 week lead time**, which starts once a completed order and template is received.
- **Adjustable or Ceiling brackets** are recommended for bowed rods to account for variation.
- For accuracy, only templates made with **20" MINIMUM, heavy duty paper** will be accepted.
- Please **do not use painter's or masking tape** to hold pieces together, as it does not hold.
- Please **do not fold template**. Send rolled so measurements remain accurate.

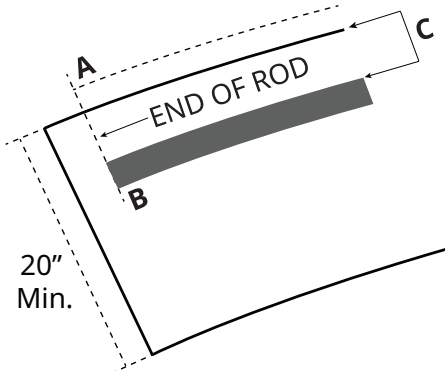

For further instructions on how to make a template, see our 'Perfect Template' instructions (page 91)

TEMPLATE CHECKLIST:

- ☐ Rod Ends
- ☐ Bracket Placements
- ☐ Window Placements
- ☐ Client Name
- ☐ Sidemark
- ☐ "This Side Up"

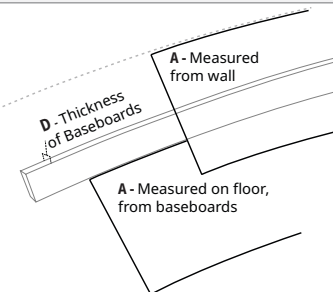

NOTE: If rod extends above or past the window, it must be marked on the template

Sketch birds-eye view of room below showing placement of rod or email a photo to **orders@helsersbrothers.comx**

- A** - Template measure along edge
B - Actual Rod measure will be less than the template measurement
C - Clearance*: _____
*(Distance between wall and back of rod)

NOTE: Factoring in baseboards is important to maintaining accuracy of the clearance.

Was the template measured from the wall? ☐ Yes ☐ No

Is there a Baseboard/Moulding where the template was made? ☐ Yes ☐ No

If yes, provide "D" in inches: _____

TYPE OF ROD: (Select One)

- ☐ Concave (Curves toward window)
- ☐ Convex (Curves toward room)
- ☐ Eyebrow (Arches above window)

Mounts above window: _____ins
